July 19th, 2024 - (London, UK). London-based Artist **Tony Moore** is set to perform his one-man show “**AWAKE**” for people all around the globe as he begins his first-ever World Tour on August 31st, 2024, as a special guest opening for UK band British Lion.

After The British Lion shows finish in America, Tony will continue around the USA and Canada performing headline shows that will weave in and around Iron Maiden tour dates simultaneously.

Tony says: “This will be my first time visiting Australia; and, I am very excited to be able to open for British Lion and to perform my music for a whole new audience. Steve is the Executive Producer of the AWAKE Album, so these shows are extra special for me as he has been, and continues to be a massive inspiration and great believer in what I am doing.”

**AWAKE** is a highly original one-man show, based on an album written and recorded in 2021. Although the album has not been officially released yet (it’s currently available for download only on [bandcamp.com](https://bandcamp.com)), there have been over 60 packed performances of the live experience so far including a very successful UK tour in January 2024, plus a show at The Royal Albert Hall in London.
